

2010-2011 School Year Bilingual Level 4-5 Introduction

Textbook: Standard Chinese (标准中文) Level-2, vol. 1

Course Description:

We will be using Standard Chinese (标准中文) Level-2, vol. 1 as our textbook. This set of book includes one textbook and two workbooks.

Students will further develop listening, speaking, reading comprehensive and language usage skills through the study of conversation, short articles and stories. All new contents will be explained in simply Chinese with the help of English. Students are encouraged to explain and guess the meanings. Upon finishing each new lesson, students will be able to read the text fluently in Mandarin Chinese, speak their own sentences using the format of the typical sentence. We will practice speaking and writing paragraphs based on a picture, students' observations and reading the text. We will also learn how to leave notes. Students will learn 300 new characters, 398 new phrases and 30 typical sentences in book Level-2, vol. 1.

I will add 5 to 10 minutes Everyday Chinese or culture related topics each week.

Students will have both written homework assignment and spoken Chinese practice every week.
